

Vitacyclix Product List

Bioflavonoids

Products	Comment	Concentration	Size	Data Sheet
Grapefruit Bioflavonoid Complex	Extract of grapefruit containing naringin, hesperidin, neohesperidin and poncricin	20%	25 kgs	
Grapefruit Bioflavonoid Complex	Extract of grapefruit containing naringin, hesperidin, neohesperidin and poncricin	50%	25 kgs	
Grapefruit Bioflavonoid Complex	Extract of grapefruit containing naringin, hesperidin, neohesperidin and poncricin	80%	25 kgs	
Lemon Bioflavonoid Complex	Extract from Lemon containing hesperidin in addition to glycosides and aglycones of eriocitrin diosmin	20%	25 kgs	
Lemon Bioflavonoid Complex	Extract from Lemon containing hesperidin in addition to glycosides and aglycones of eriocitrin diosmin	50%	25 kgs	
Lemon Bioflavonoid Complex	Extract from Lemon containing hesperidin in addition to glycosides and aglycones of eriocitrin diosmin	80%	25 kgs	
Bitter Orange Bioflavonoid Complex	Extract from Orange containing hesperidin in addition to glycosides and aglycones of eriocitrin diosmin	20%	25 kgs	
Bitter Orange Bioflavonoid Complex	Extract from Orange containing hesperidin in addition to glycosides and aglycones of eriocitrin diosmin	50%	25 kgs	
Bitter Orange Bioflavonoid Complex	Extract from Orange containing hesperidin in addition to glycosides and aglycones of eriocitrin diosmin	80%	25 kgs	
Citrus Bioflavonoid Complex	Contains a blend of bioflavonoid extracts from the pulp and peel of at least two fruits: lemons, sweet oranges, grapefruit or bitter oranges. The major bioflavonoid component is hesperidin with various quantities of phenolic glycosides and aglycones of bio flavinoids.	15%	25 kgs	
Citrus Bioflavonoid Complex	Contains a blend of bioflavonoid extracts from the pulp and peel of at least two fruits: lemons, sweet oranges, grapefruit or bitter oranges. The major bioflavonoid component is hesperidin with various quantities of phenolic glycosides and aglycones of bio flavinoids.	30%	25 kgs	
Citrus Bioflavonoid Complex	Contains a blend of bioflavonoid extracts from the pulp and peel of at least two fruits: lemons, sweet oranges, grapefruit or bitter oranges. The major bioflavonoid component is hesperidin with various quantities of phenolic glycosides and aglycones of bio flavinoids.	50%	25 kgs	
Hesperidin	White to pale yellow powder	> 95 % Purity	25 kgs	
Hesperidin	White to pale yellow powder	85%	25 kgs	
Hesperidin	White to pale yellow powder	90%	25 kgs	
Hesperidin	White to pale yellow powder	92%	25 kgs	
Hesperidin Complex	Obtained primarily from Orange pulp and peel	40-70%	25 kgs	
Rutin NF	Greenish-yellow powder consisting of masses of needle-shaped crystals	> 95 % Purity	25 kgs	
Quercetin Dihydrate	Light beige powder from grapefruit pulp and peel	> 95 % Purity	25 kgs	
Quercetin Dihydrate	Beige to tan powder	>80% Purity	25 kgs	

Dietary Fibers

Products	Comment	Concentration	Size	Data Sheet
Pea Fiber (non GMO, Canadian Yellow Pea) Centara III	Non GMO, Canadian Yellow Pea, off-white, no flavor		25 kgs	

Pea Fiber (non GMO, Canadian Yellow Pea) Centara IV	Non GMO, Canadian Yellow Pea, off-white, no flavor		25 kgs	
Pea Fiber (non GMO, Canadian Yellow Pea) Centara V	Non GMO, Canadian Yellow Pea, off-white, no flavor		25 kgs	
Inulin IQ	All natural Inulin from Chicory Root		25 kgs	
Inulin HD	High Purity, all natural Inulin from Chicory Root		25 kgs	
Functional Pea Fiber 80	Natural vegetable fiber from non GMO Canadian Yellow Peas. Contains soluble and insoluble fiber		25 kgs	
Functional Pea Fiber 40	Natural vegetable fiber from non GMO Canadian Yellow Peas. Contains soluble and insoluble fiber Excellent for water absorption and retention in baked goods.		25 kgs	

Natural Colors

Products	Comment	Concentration	Size	Data Sheet
Cranberry Juice Powder	Red		5-25 kgs	
Cranberry Fiber	Red		5-25 kgs	
Elderverry Juice Extract Concentrate	Red		5-25 kgs	
Dehydrated Red Beet Root Extract (Betanine)	Red		25 kgs	
Grape Skin Extract (Enocyanine) Powder	Red		25 kgs	
Grape Skin Extract (Enocyanine) Liquid	Red - available 1x and 2x		1 Gallon (US)	
High Lycopene Tomato Fiber	Red		5-25 kgs	
Beta Carotene	Orange		5-25 kgs	
Xanthophyll (lutein/zeaxanthin)	Yellow		1-25 kgs	
Turmeric Powder	Yellow		1-25 kgs	
Turmeric Liquid	Yellow		5 Gallon (US)	
Annatto (Bixin) Powder	Yellow - (oil and water soluble)		15 kgs	
Annatto (Bixin) Liquid	Yellow - (oil and water soluble)		5 Gallon (US)	
Natural Magnesium Chlorophyll (Oil-soluble)	Green		5-25 kgs	
Sodium and/or Potassium Magnesium Chlorophyllin	Green		1 kg and up	
Copper Chlorophyll (Oil-soluble)	Green		5-50 kgs	
Spinach Juice Concentrate (Water-soluble)	Green		5 kgs	
Alfalfa Juice Powder (Water-soluble)	Green		25 kgs	
Dehydrated Blueberry powder	Blue		25 kgs	
Grape Skin Extract (Enocyanine) Powder	Blue		5-25 kgs	
Grape Skin Extract (Enocyanine) Liquid	Blue - available 1x and 2x		5 Gallon (US)	
Blackcurrent Juice Concentrate	Blue		5 Gallon (US)	
Blackcurrent Pulp Fiber	Blue		25 kgs	

Natural Oils

Products	Comment	Concentration	Size	Data Sheet
Almond Oil			15 kgs	
Apolonexia Oil			1 kg minimum	
Avocado Oil			1 kg minimum	
Borage Oil			1 kg minimum	
Brominated Vegetable Oil			25 kgs	
Carrot Oil			1 kg	
Camelia Oil			1 kg	
Cinnamon Leaf Oil			1 kg	
Cod Liver Oil			1 kg	
Cottonseed Oil			35 lbs	
Cranberry Seed Oil			1 kg	
Evening Primrose Oil			1 kg	
Grapefruit Seed Oil			25 kg container	
Grape Seed Oil			1 kg	
Natural Cassia Oil			1 kg	
Omega-3 Fish Oil			1 kg	
Parsley Seed Oil			1 kg	
Pumpkin Seed Oil			1 kg	
Red Raspberry Seed Oil			1 kg	
Rice Bran Oil			1 kg	
Tea Tree Oil			1 kg	

Natural Pectins

Products	Comment	Concentration	Size	Data Sheet
Apple Pectin USP	A white-to-cream coloured powder consisting chiefly of partially methoxylated polygalacturonic acids		25 kgs	
Apple Pectin 150 XSS	A white-to-cream coloured powder consisting chiefly of high methoxylated apple pectin standardized with sugar		25 kgs	
Apple Pectin Food, cosmetic and tableting grade	A pale beige to tan coloured powder consisting chiefly of partially methoxlated polygalacturonic acids plus cellulosic material		25 kgs	
Apple Pectin Instant (E440)	A light beige powder consisting chiefly of partially methoxlated polygalacturonic acids standardised with sucrose		25 kgs	
Citrus Pectin USP, NF	A cream to beige coloured powder, obtained from the albedo and pulp of citrus fruits consisting chiefly of partially methyloxylated polygalacturonic acids		25 kgs	
Citrus Pectin Cellulose Complex Grade 1	White to cream color, made from citrus pulp		25 kgs	
Citrus Pectin Cellulose Complex Grade 2	Tan to yellow in color made from entire pulp and peel		25 kgs	
Grapefruit Pectin USP	Light beige powder made from high methoxyl grapefruit pectin from the pulp and peel		25 kgs	

Citrus Pectin Cellulose Complex Grade II	Tan powder made from the pulp and peel after juicing. Also called grapefruit fiber or dehydrated grapefruit pulp and peel. Obtained from clean sound mature grapefruit.		25 kgs	
Grapefruit Peel Powder	Light tan powder made from flavedo portion of the expelled peel		22.7 kgs	
Dehydrated Grapefruit Peel	Obtained from clean, sound, mature grapefruit		22.7 kgs	
Deydrated Orange Pulp and Peel	Used in citrus beverages as a clouding agent and as a source of natural citrus solids. May be used as a replacement for Agar and other gums as a source of low grade pectin		22.7 kgs	
Deydrated Lemon Pulp and Peel	Used in citrus beverages as a clouding agent and as a source of natural citrus solids. May be used as a replacement for Agar and other gums as a source of low grade pectin		22.7 kgs	
Sug'r Free Pect'n	Low sugar content		25 kgs	

Powders

Products	Comment	Concentration	Size	Data Sheet
Red Wine Vinegar Powder			25 kgs	
Apple Cider Vinegar Powder			5% 25 kgs	
Apple Cider Vinegar Powder			10% 25 kgs	
Eucalyptus Leaf Powder			25 kgs	
Sesame Seed Powder			25 kg	
Green Tea 50% Polyphenols and 25% Tea Catechins			25 kgs	
Green Tea 50% ECGC			25 kgs	
Histamine Diphosphate USP			No longer produce	
Hyaluronic Acif Powder 100% Cosmetic Grade			1 kg	
Hyaluronic Acid - Sodium Salt Medical Grade			1 kg	

Proteins

Products	Comment	Concentration	Size	Data Sheet
Pea Protein Propulse(Non GMP, Canadian Yellow Peas 82% Protein)			25 kgs	
Propulse E (Extruded pea protein and fiber blend)			25 kgs	
Pea Protein Isolate C9			25 kgs	
Cranberry Protein Powder			5-25 kgs	
Rice Protein Powder			25 kgs	
Dehydrated Fish Protein			No longer offer	

Vitamins

Products	Comment	Concentration	Size	Data Sheet
Aqueous Vitamin A & D (1:40)	Add 1ml to fortify 40 Quarts of Milk	Vit A 80,000 IU/ml; Vit D3 16,000 IU/ml	500 ml	
Aqueous Vitamin A & D (1:40)	Add 1ml to fortify 40 Quarts of Milk	Vit A 80,000 IU/ml; Vit D3 16,000 IU/ml	2 L	

Aqueous Vitamin A & D (1:40)	Add 1ml to fortify 40 Quarts of Milk	Vit A 80,000 IU/ml; Vit D3 16,000 IU/ml	4L	
Aqua A Solution (1:40)	Add 1ml to fortify 40 Quarts of Milk	Vit A 80,000 IU/ml	2L	
Aqua A Solution (1:40)	Add 1ml to fortify 40 Quarts of Milk	Vit A 80,000 IU/ml	4 L	
D3'Sol (Vitamin D3 Soluble)	Dilute 1 ml into 1000 Quarts of Milk, Juice or other beverage	400,000 IU/ml	500ml	
D3'Sol (Vitamin D3 Soluble)	Dilute 1 ml into 1000 Quarts of Milk, Juice or other beverage	400,000 IU/ml	2L	
D3'Sol (Vitamin D3 Soluble)	Dilute 1 ml into 1000 Quarts of Milk, Juice or other beverage	400,000 IU/ml	4L	
D2'Sol (Vitamin D2 Soluble)	Dilute 1 ml into 1000 Quarts of Milk, Juice or other liquids	400,000 IU/ml	500ml	
D2'Sol (Vitamin D2 Soluble)	Dilute 1 ml into 1000 Quarts of Milk, Juice or other liquids	400,000 IU/ml	2L	
D2'Sol (Vitamin D2 Soluble)	Dilute 1 ml into 1000 Quarts of Milk, Juice or other liquids	400,000 IU/ml	4L	
Vitamin D2 in Fish Oil		1,000,000 IU/gram	1 Gallon (US)	
Vitamin D2 in Fish Oil		1,000,000 IU/gram	5 Gallon (US)	
Vitamin D3 in Fish Oil		1,000,000 IU/gram	1 Gallon (US)	
Vitamin D3 in Fish Oil		1,000,000 IU/gram	5 Gallon (US)	
Vitamin A Palmitate & Vitamin D3 in Corn Oil		1,000,000 IU/ml Vit A; 100,000 IU/ml Vit D3	1 Gallon (US)	
Vitamin A Palmitate & Vitamin D3 in Corn Oil		1,000,000 IU/ml Vit A; 100,000 IU/ml Vit D4	5 Gallon (US)	
Vitamin A Palmitate in Vegetable Oil		200,000 IU/ml	1 Gallon (US)	
Vitamin A Palmitate in Vegetable Oil		200,000 IU/ml	5 Gallon (US)	
Aqueous Vitamin D2 Powder (Maltodextran carrier)	White to cream colored powder	50,000 IU/gram	25 kgs	
	White to cream colored powder	100,000 IU/gram	25 kgs	
Aqueous Vitamin D3 Powder (Maltodextran carrier)	White to cream colored powder	50,000 IU/gram	25 kgs	
	White to cream colored powder	100,000 IU/gram	25 kgs	
Oil-Soluble Vitamin D2 Powder (Maltodextran carrier)	White to cream colored powder	50,000 IU/gram	25 kgs	
	White to cream colored powder	100,000 IU/gram	25 kgs	
Oil-Soluble Vitamin D3 Powder (Maltodextran carrier)	White to cream colored powder	50,000 IU/gram	25 kgs	
	White to cream colored powder	100,000 IU/gram	25 kgs	
Vitamin E Oil - Natural (mixed tocopherols)			1-25 kgs	
Vitamin E Oil - Synthetic (DL-a-tocopherol acetate Oil - 96%)			1-25 kgs	
Vitamin E Powder (d-a-tocopheryl acid succinate)			1-25 kgs	
Vitamin K1 USP	Clear yellow to amber liquid		1 kg
